

Protocol

_NBit_co

numpy.typing._callable._FloatOp

```
graph BT; A[numpy.typing._callable._FloatOp] --> B[Protocol]; A --> C[_NBit_co];
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'numpy.typing._callable._FloatOp'. Two arrows originate from the top of this box. One arrow points vertically up to the bottom of the 'Protocol' box on the left. The other arrow points vertically up to the bottom of the '_NBit_co' box on the right. A horizontal line connects the two vertical stems of these arrows, positioned below the space between the 'Protocol' and '_NBit_co' boxes.
